Medcomtech moves its commercial headquarters to Goodman's Viladecans Business Park

9 December 2010

Goodman, the integrated global property group that owns, develops and manages logistics and business space, has signed a lease with Medcomtech at its Viladecans Business Park, in Barcelona.

Medcomtech is an independent Spanish company specialising in the distribution of medical instruments and medical, orthopaedic and reconstructive equipment. Medcomtech has moved its commercial headquarters to Goodman's Viladecans Business Park.

Joan Sagales, Executive Director Medcomtech said "The move of our commercial base to these new offices reflects our business plan for this year, in which the increase of commercial activity is essential. It is necessary that we have functional office space in a good geographical location with excellent communications infrastructure. A business park that provides a high level of customer service in a pleasant environment was a key factor when choosing our new location."

The company's new offices will be located on the ground floor of the Brazil building at Viladecans Business Park. For this operation Medcomtech has been advised by Exa Catalonia.

Guillermo Ravell, Goodman's Country Manager for Spain, said "Companies need to locate in locations that are capable of meeting their operational growth and changing business space requirements, an example of this is Medcomtech, a company with a large amount of business in Spain and Portugal, and which has chosen the Viladecans Business Park to grow and develop their business activities more effectively."

Viladecans Business Park, which is near Barcelona, consists of four buildings occupying 34,000 sqm of office space. The large business park is well integrated in a spacious green environment spread across 14,000 sqm.

Goodman owns and manages two business parks in Spain: Viladecans Business Park in Barcelona and San Fernando Business Park located in the town of San Fernando de Henares in Madrid, which also offers a wide range of services to its customers.

About Medcomtech

Medcomtech is an independent Spanish company specialising in the distribution of medical instruments and medical, orthopaedic, and reconstructive equipment. Through strategic alliances with leading technology companies in the global market the company serves more than 350 hospitals throughout Spain and Portugal.

Since 2002, the company has positioned itself among the market leaders in the marketing of orthopedic surgery in Spain. It is the exclusive distributor in Spain for major national and international manufacturers of medical products. Medcomtech has overcome the rapid decline of these products in the market through a firm commitment to innovation and the immediate introduction of advanced technologies as soon as they have been presented by manufacturers.

About Goodman

Goodman is an integrated property group that owns, develops and manages industrial and business space across Europe, the United Kingdom and the Asia-Pacific region. The Group invests in business parks, office parks, industrial estates and warehouse and distribution centres.

Goodman also offers a range of listed and unlisted property funds, giving investors access to a range of specialist services and property assets, and is working continually to build value in industrial property and fund management, with innovative new developments, and business and investment offerings.

With total assets under management of €11.4 billion and over 325 properties under management, Goodman is the largest industrial listed property group listed on the Australian Stock Exchange and one of the largest listed specialist fund managers globally. Its market insight and dedicated local teams create sound investment opportunities and develop properties and environments that meet each client's individual requirements.

With more than 750 staff and 32 offices in 16 countries, Goodman has the global reach to meet customers' needs as their businesses expand or evolve. In Europe, Goodman has offices in Germany, the Netherlands, Belgium, Luxembourg, France, Spain, Italy, Poland, Czech Republic, Hungary, Slovakia and the UK.
